By [REDACTED]

All dogs should always be on a leash at the beach. I strongly believe that all dogs should be on a leash at the beach because they could ruin the environment, hurt the wildlife and even drown.

Dogs should always be on a leash when you walk them and take them to the beach. They can wreck the beach. Who would want to go to a wrecked beach? Dogs can leave their toys at the beach. The beach will no longer be natural. This is why dogs should be on a leash.

Dogs could wreck the beach. They would wreck the home of many wildlife animals. Vets say that dog owners should put their dogs on a leash to keep the environment safe and the beach clean. This is why you should put your dog on a leash.

Dogs could swim too far from the sand and even drown at the beach. If your dog goes way too far away they could drown and die in the water. If you keep a dog on a lead you can control how far away they swim. How sad would you be if your dog swan out too far at the beach and drowned? Dogs should be kept on a leash so they are safe.

It is time to go out and put your dog on a leash. You should put your dogs on a leash so they keep the environment clean, they won't hurt native animals and not drown.

Dog at North Haven beach must be on a leash otherwise they could trip someone over. If your dog gets out of hand they could trip someone over and hurt them. Do you really want your dog to trip someone over and hurt them? All dogs should be on a leash because staying safe is important.

Dog must be on a leash because they can steal people's food. People spend a lot of time setting up their day at the beach and dogs just steal it in a second. Dog trainers say that stealing food is bad for their health and bad dog manner. To stop this dogs should be on a leash.

Dogs can run way, way, way too far in to the water if they are not on a leash. They can drown if they don't know how to swim. Vets say that if dogs swollen sea water, it can make them sick. Keep your dog safe on a leash.

Isn't it time to put dogs on a leash at North Haven Beach? We know that it is important for dogs so they don't trip people over, steal food and run too far into the water.

Do you like to take your dog on walks at the beach? Dogs must be on leash at the beach. I strongly believe that dogs should be on a leash because they can get in a bad situation, they can poo everywhere and they might not listen.

Dogs at North Haven beach can get into bad situations and get hurt. Have you ever seen a horrible dog attack on the beach? How did it make you feel? Not all dogs are safe on the beach and they must wear a leash to stop them getting in to bad situations.

Dogs must be on leash so the others can see where they poo. If there was poo everywhere, you might step in it. The council spends a lot of time picking up other dog's poo. It is important that dogs are on leash so they can keep the environment clean and safe.

Dogs must be on a leash at the beach so we can take care of the environment. We must keep our native animals safe from roaming dogs. Dogs might hurt birds, fish or crabs. Your dog could even get hurt by one of these animals if they are roaming free. Dogs need to be on leash so they can be safe and keep the native animals safe.

Go out and take care of the environment by looking after your dog by keeping it on a leash. All dogs must be kept on a leash at the beach.

Do you really want a dog to come up to you and eat your food? I strongly believe that dogs should be on a leash on the beach because they can get hurt, run away and be naughty.

I think Dogs should be on a leash because they might eat other people's food. Imagine eating your sandwich and then have a dog bite it out your hand. Then people would be hungry and angry.

If you take the leash off the dog it could run away from the owner and then the owner would be sad. If the dog ran on the road it could get run over and die. It would be good to train your dog first before letting it off the lead at the beach.

If dogs pooped everywhere it would be stinky and if you step in it, it will ruin your shoes. Do you really want dogs to ruin your shoes? You need to keep your dog on a lead so you know where it poos.

It is time to put all dogs on a lead at the beach. If dogs are not on a leash, dogs could eat other people's food, run away from their own and poo everywhere.

ALL DOGS SHOULD BE ON A LEASH AT THE BEACH

Dogs at North Haven beach must be on a leash or they'll be attacked. What if every time you go to the beach your dog gets attacked? How sad if every dog that went to the beach got hurt. Dogs must be on leash to be safe at the beach.

Dogs must be on leash or they'll make their owner get a fine. The council has very strict rules for a good reason, that's why if you don't pick up after your dog you will get a fine. How sad would it be if there was lots of poo on the sand at the beach? Dogs must be on leash or you could get a fine.

Have you ever thought that dogs should be on a leash at North Haven beach at all time? I strongly believe that dogs should be on a leash because they don't always listen, can poo everywhere and it is not safe for dogs to be off a leash.

Dogs must be on a leash because they don't listen. Dogs could hurt someone if they are not on their leash. Do you really want to get hurt? Dogs need to be on a leash so they listen to their owners

The beach is not going to be clean if no one picks up after their dog. What if you sit in poo? You have to clean up after your dog like you are supposed to. The beach needs to be clean so keep your dog on a lead so you know when they do a poo.

The beach is not safe if dogs are not on a lead and can run off. Then you have a missing Dog. It's your responsibility to keep your dog safe. Dog owners say that having a missing dog is sad and you need to watch it. You must keep dogs on a leash to keep them safe.

Isn't it time to put all dogs on a leash? Dogs must be on a leash because they don't always listen, they don't poo everywhere and so they are kept safe.

Animal control says that dogs feel punished when they are on a leash. Dogs are not happy on a leash.

Dogs feel sad when they feel left out of the fun at the beach.

Isn't it time that your dogs get to have fun too? Dogs are not mean, feel punished and feel left out of the fun at the beach.

ALL DOGS AT NORTH HAVEN BEACH SHOULD BE ON LEASH

By [REDACTED]

Do you really want a dog to come up to you and eat your food? All dogs definitely should be on leash at all times. I strongly believe all dogs should be on leash because North Haven beach is the quietest beach on the peninsula, it is very clean and people and dogs should stay safe.

Dogs at North Haven beach need to be on leash otherwise it would be really busy. If their off leash there would be dogs everywhere. Have you ever thought of how quiet north haven beach is? It should stay how quiet it is that's why dogs must be on leash.

Do you think dogs should be on leash? I strongly believe that all dogs should be on a leash because they can get attacked by other dogs, make a mess and get lost.

Dogs at North Haven Beach should be on a leash just in case they get attacked by another dog. Would it be sad if your dog got off a leash and got attacked and hurt? Dogs should be on leash because they can get lost and hurt by other irresponsible people who do not keep their dogs on a leash. This is why dogs need to be on a leash at North Haven Beach.

Dogs get lost when you let go of the leash and should wear a leash at the beach all the time. Your dog could end up at someone else's house. The other people might take care of the dog at their home. If you lose your dog you will cry, feel sad and feel nervous. This is why you shouldn't ever let go the leash.

Isn't it time to put a leash on your dog and never let the leash go. All dogs should wear a leash at North Haven beach so they are safe.

All dogs should not be on leads at North Haven beach. I strongly believe that dogs should not be on leads. If dogs are on leads they can't breathe properly, can't be free and have to follow you everywhere.

Dogs can't breathe when they are on a lead at the beach. If your dog is on a lead they won't be able to breathe and will pass away. Do you want your dog to pass away? Dogs definitely can't breathe at the beach and need freedom.

Your dog should make more dog friends. If your dog is off a leash, they can play with other dogs and make friends. When dogs get to roam around they can play in the sand, the water and in the dunes. Don't keep dogs on a leash so they can make friends and play on the beach.

It is time to train your dog. We've waited long enough to play with our dogs freely. A well trained dog should be able to be off a leash so they can run and play.

Dear Council

I think dogs should definitely be off leash sometimes and on leash sometimes. First dogs can run through rare nest.

But some dogs are trained very well. Also poo bags left on the beach. Dogs can be so cute.

And it also depends on the type of dogs. But my three dogs love beach walks and it would be so nice to run free. Dogs can also kill birds. But if I was a dog I would love to be off leash all the time.

Dear Council

I believe that there should be a designated time for dogs to be off leash, from 9am to 10am and 3pm to 9pm. That is good time for North Haven surf life saving club, that use the beach.

Environment: there is tons of rubbish on beaches. Maybe we can train dogs to help pick up rubbish. With them helping picking up rubbish our beaches could be much cleaner. At designated times some dogs can go off leash and help our beach get cleaner.

Safety: Lots of dogs like water, but they could sometimes drown, saving people from drowning, getting caught in rips and getting toys and sticks out of the water. Lots of people don't want dogs to drown. **WE SHOULD** do something about this.

Fair: They also have dog parks

Why?

Dogs can run around.

Dogs can stick with their

Dogs can wreck bird's nests.

Thursday 17th March

Dear Council

Safety is important because dogs can trip elderly people, babies and toddlers over. The beach is very unsafe because North Haven beach has rips and I strongly believe dogs shouldn't be off of leach. I imagine dogs clawing, biting and doing their business on your towels. Dogs can go to where they aren't aloud because they can be lost in there and the can never find ther way out.

Dogs can destruel the rare nests that are beryed in the sand jurs that are called hooded plovers. Dogs plus there ball exels rubbish. They can go off the beach and run away. That would be horrendus! I have seen signs of missing dogs like every where.

Dogs go crazy the pupys can destruel sandcastle, go for your food if your have a picnic. **DOGS SHOULD NOT BE OFF LEASH ALL THE TIME.**

Our teacher was been talking about should dog be off leash at North Haven Beach and I want to say what I think. I think dogs should be on leash at North Haven Beach. But I think they should be off leash to 8:00 PM to 10:00 PM because they dig holes and people fall into it. They can destroy bird habbitat. Dogs can drown in water.

A Dog's Perspective - By [REDACTED]

I Strongly believe that dogs should be OFF leash all the time because I will not bite or claw anyone. I will not knock elderly people over and I especially promise I will not run in the sand dunes and destroy the nests. I don't care if I get carried away in the rips or by other people because my owner always drops all my precons stool bags. P.S. it stinks around here.

The leash always chocks me. I don't get to meet new friends and I don't get to go where I want to go. Friends are IMPORTANT. Without friends you would be lonely.

How would you like it if I chewed up all your precons things? **DOGS MUST BE OFF LEASH ALL THE TIME**

Thursday 17th March

Dear Council

I believe dogs should not be off leash dogs could get stuck in a rip that would be bad if that happened to your dog. Some dog could be not trained which could hurt people.

The environment. dogs could hurt rare nests. Balls could get lost and go in the water which would NOT be good for the ocean and animals. And bags on the beach.

I think it would be fair if dogs are on leash for everyone dogs still can run when there on leash with there owner.
